

Max Masnick, PhD

Epidemiologist, Data Scientist, Health Software Architect
www.masnick.org

Professional experience

- 2020 – Present **The MITRE Corporation**
Principal Epidemiologist & Software Architect
Group Leader, Digital Public Health
- 2018 – 2020 **Genomic Medicine Institute, Geisinger**
Assistant Professor of Precision Health
- 2016 – 2018 **Hospital IQ, Inc.**
Lead Data Scientist
- 2012 – 2015 **University of Maryland Baltimore**
Graduate Research Assistant
- 2009 – 2012 **Center for Health Policy and Inequalities Research, Duke University**
Research Analyst

Education

- 2015 *Ph.D., Epidemiology, University of Maryland Baltimore*
- 2009 *B.A., Public Policy, Duke University*

Technical skills

- Informatics & data science:** Health interoperability and open standards (including FHIR and SMART on FHIR), Python (including scikit-learn and SciPy), R, SQL, Stata, SAS
- Software engineering:** Python, Ruby on Rails, JavaScript/TypeScript, git and git-based workflows for collaboration, cloud computing

Open source software & standards

1. *FHIR for Research* (lead author). Documentation for using FHIR for research purposes. <https://mitre.github.io/fhir-for-research/>
2. *ig-summary software* (primary author). Tool to support the FHIR Implementation Guide authoring workflow, written in TypeScript. <https://github.com/mitre/ig-summary>
3. *SMART Health Cards: Vaccination & Testing FHIR Implementation Guide* (primary author). Widely implemented as part of all iPhone and Android operating systems, in Cerner and Epic EHRs, and by major pharmacies as part of the COVID-19 pandemic response. <https://vci.org/ig/vaccination-and-testing>
4. *minimal Common Oncology Data Elements (mCODE) FHIR Implementation Guide* (contributing author). Multiple real-world implementations are based on this Implementation Guide through the **CodeX FHIR Accelerator**. <https://hl7.org/fhir/us/mcode/>

Publications

for synchronous viral infection of ticks. *Virology* 365, 410–418. <https://doi.org/10.1016/j.virol.2007.03.057>

Presentations

Oral Presentations

1. **Masnich M.**, Roy S. *Patient Empowerment and Health Data Interoperability Through SMART Health Cards*. At HIMSS in Chicago, 2023.
2. **Masnich M.**, Paquin, C., Pollack JP. *SMART Health Cards – standard, testing & validation tools*. At FHIR DevDays in Cleveland, 2022.
3. **Masnich M.**, Morgan D.M., Sorkin J.D., Kim E., Brown J.P., Rheingans P., Harris A.D. *Lack of Patient Understanding of Hospital Acquired Infection Data on CMS Hospital Compare*. At SHEA Spring 2015 Conference in Orlando, 2015.

Poster Presentations

1. **Masnich M.**, Morgan D.M., Sorkin J.D., Macek M.D., Brown J.P., Rheingans P., Harris A.D. *Ability of Healthcare-Associated Infection (HAI) Data to Differentiate Hospitals Nationwide*. At SHEA Spring in Atlanta, 2016.
2. **Masnich M.**, Morgan D.M., Macek M.D., Sorkin J.D., Brown J.P., Rheingans P., Harris A.D. *Improving Understanding of Publicly Reported Healthcare-Associated Infection (HAI) Data*. At SHEA Spring in Atlanta, 2016.
3. **Masnich M.**, Morgan D.J., Harris A.D. *Apps for ID: A Regularly Updated Database of iPhone and iPad Apps for Infectious Disease Physicians*. At IDWeek in Philadelphia, 2014.
4. **Masnich M.**, Leekha S. *Frequency and Predictors of Refusal of Seasonal Influenza Vaccination among Patients at a Large Tertiary Referral Hospital*. At IDWeek in Philadelphia, 2014.
5. Pepin C.S., Thom K., **Masnich M.**, Preas M.A., Pineles L., Harris A.D. *Potential for Risk Adjustment for Central Line-Associated Bloodstream Infections Using Comorbidity Measures Derived from Medical Records from a Tertiary Care Hospital*. At IDWeek in Philadelphia, 2014.
6. Rock C., Thom K.A., **Masnich M.**, Johnson J.K., Harris A.D., Morgan D.J. *Frequency of Klebsiella pneumoniae carbapenemase (KPC-) and non-KPC-producing Klebsiella species contamination of healthcare workers and the environment*. At the Society for Healthcare Epidemiology of America Spring Conference in Denver, 2014.
7. Lowery A.V., Chui S.H.J., Pajoumand M., **Masnich M.**, Pepin C., Williams C.M. *Evaluation of therapeutic hypothermia following return of spontaneous circulation after cardiac arrest*. At the 43rd Critical Care Congress in San Francisco, 2014.
8. **Masnich M.**, Morgan D.J., Wright M., Lin M., Pineles L., Harris A. *Infection Control Informatics Use and Satisfaction among SHEA and APIC Members*. At IDWeek in San Francisco, 2013.

Honors and Distinctions

1. IDWeek Trainee Travel Grant, Infectious Diseases Society of America (IDSA), 2014
2. Outstanding PhD Scholar, University of Maryland School of Medicine, Program in Epidemiology and Human Genetics, 2014
